

Dear Bodine Families,

As Covid-19 rates continue to climb, please consider getting your child vaccinated. Many primary care and pediatric offices are now offering Covid-19 vaccines and boosters. Simply call your child's healthcare provider and ask if your child can be vaccinated against Covid-19 in the office.

You can also find COVID-19 vaccines and booster shots in hundreds of other locations throughout Philadelphia, including at:

1. **CITY HEALTH CENTERS**, where vaccines are free if you are uninsured. Visit <https://www.phila.gov/services/mental-physical-health/get-vaccinated/sign-up-to-get-a-covid-19-vaccine/> to find a health center near you and to schedule an appointment.
2. **LOCAL PHARMACIES** like CVS, Walgreens, and Rite Aid. Appointments are required and these sites may charge your insurance. Visit the pharmacy website or call your preferred location to schedule an appointment.
3. **DR. ALA STANFORD CENTER FOR HEALTH EQUITY**, where covid vaccines are free and offered weekly. Visit <https://blackdoctorsconsortium.com/free-covid-19-testing-vaxx/> to view the schedule and locations.
4. **SCHOOL DISTRICT OF PHILADELPHIA VACCINE EVENTS** visit <https://www.philasd.org/studenthealth/covid-vax/> for dates and locations.

As always, please reach out if I can answer any questions.

Sincerely,

--
